(National Pollutant Discharge Elimination System Permit No. CA0082589)  
and  
Cease and Desist Order  
for

**CITY OF REDDING  
STILLWATER WASTEWATER TREATMENT FACILITY**

**SHASTA COUNTY**

The City of Redding (Discharger) owns and operates a wastewater treatment facility and discharges an average dry weather flow of 4.0 mgd of treated domestic wastewater into the Sacramento River at a point one mile upstream of the Stillwater Creek confluence. The treatment system consists of screening for removal of large solids, activated sludge treatment with secondary clarification, filtration, and chlorination/dechlorination. The Discharger's mailing address is P.O. Box 917, Anderson, CA 96007. The discharge is regulated under an existing National Pollutant Discharge Elimination System (NPDES) permit. The Discharger submitted a Report of Waste Discharge and requested renewal of the existing NPDES permit. A Cease and Desist Order is also proposed to implement a compliance schedule to reduce the concentration of zinc in the effluent. Staff recommends the Regional Water Quality Control Board adopt the NPDES permit regulating the discharge from the facility, and the Cease and Desist Order.
